## The All Important Web Presence

### Website Management Services Design

Are you a small business owner, looking to get some web exposure for your company and products? Are you a medium or large company, that feels it is too late to have a web presence? The truth is, it is never too late to publish your company information on the internet. Do you want to drive more business to your office? Well, a well defined and prepared web site, is just one way to accomplish this task.

The web is a big unknown cloud to some people, but the reality is, it should not be. We will make the transition to being on the web as seamless as possible. We will step you through the entire process. Helping you setup your mail applications to retrieve mail from your web customers.

**PRICES START AT UNDER \$1,000.00. PRICE INCLUDES OUR COMPLETE HOSTING PACKAGE, BASIC SEO PACKAGE AND COMPLETE CUSTOMIZED WEBSITE DESIGN.**

We will guide you through the process of updating your web site should changes be required in the future, or you can simply have us do the updates as your business continues to grow.

The design of your website identity is a major step towards showing your potential clients that you are a professional business and care about their needs. Our designers will ensure that the end result for your website design conveys the image and professionalism you are looking for. We will ensure that the website matches your business logo, business cards, business letterhead, so that the branding of your name and theme is continued to be reinforced with your clientele. If you are a new business without a company logo, no problem, our designers will ensure a professional logo is created for you, and that logo will be used for the branding and the completion of the design phase. We will provide you a website quality logo, as well as a professional print quality version that can be used by your printer for business cards and letterhead.
